ELECTRONIC GUMMED PAPER DISPENSER
MODEL: LAPOMATIC
ELECTRONIC GUMMED PAPER DISPENSER

NEW AND INNOVATIVE ELECTRICAL DISPENSER AT LOW VOLTAGE FOR HIGH VOLUME CARTON SEALING OPERATIONS. OPTIONAL MODELS AVAILABLE

✓ Highly durable
Robust frame with varnished steel sides, burnished and zinced parts against corrosion. Low damage on motor’s components. Made in Italy, low maintenance.

✓ Highly reliable
Efficient, silent and secure cutting mechanism.
Waterproof cushion pushbutton keyboard with 22 pre-set measures from 10 to 115 cm, a “+5” button, a free length button, 2 pushbuttons to memorize two different paper lengths (short/long), ideal for ‘H’ cardboard box closing. Brush made for a perfect moistening.
✓ Cuts all types of gummed paper tape, standard or reinforced.
✓ Low electrical consumption, only 24 V.
✓ Efficient and complete after-sales service from Italy.

MORE SECURITY
• Safety microswitch: with open cover machine does not work.
• Power cut-off after more than 30mins. after machine is not in use.
• Silicone bottle cap to prevent water leakage.

MORE RELIABILITY
• New generation PC board
• More precision in sizes.
• Most silent dispenser on the market.
• Reduced speed of paper feed out for an ideal moistening of tape and durability of components

MORE COMPLETE
• New interface for external connection
• Temperature of top heater adjustable (50° - 75° - 100°).

WHY CHOOSE GUMMED PAPER TO CLOSE CARDBOARD BOXES?

✓ Security: it is tamper evident, the glue on gummed paper penetrates and bonds completely with the cardboard. Gummed paper cannot be removed without damaging the boxes, thus proving the theft.

✓ Environment friendly: it is natural and completely recyclable, Gummed paper is made of paper (100% cellulose) and glue (potato or corn starch)

✓ Resistance to extreme temperatures: a cardboard box closed with gummed paper tape stays closed even in case of extreme cold or hot temperature and is therefore ideal for frozen food or bakery food.

✓ Packaging savings: a single strip of gummed paper is enough for a perfect sealing of your boxes, gummed paper allows you to reduce the consumption of tape avoiding its waste.
